

PRESIDENT'S MESSAGE

Dear ANA Members,

Following the success of the Annual Meeting in September, plans are underway for ANA2025 as we enter the holiday season and usher in a new year. The progress and accomplishments of 2024 have been exciting, and we look forward to celebrating the ANA's 150th anniversary in 2025. To that end, we are planning some special celebratory events that you will not want to miss at ANA2025 September 13 – 17, 2025, in Baltimore.

In November we honor [Native American Heritage Month](#). This month raises awareness of remarkable individuals from the Native American Community, and we are highlighting those who made significant contributions to medicine, science, and neurology.

NATIVE AMERICAN HERITAGE MONTH

We recognize [Jeffrey Henderson, MD, MPH](#), a Lakota and a member of the Cheyenne River Sioux Tribe. After completing his Master of Public Health at the University of Washington in 1999, he moved back to western South Dakota to work on addressing underlying determinants of health in Native American Communities there. Dr. Henderson founded and directs the Black Hills Center for American Indian Health. He has championed scientific research and provided mentorship for American Indian and Alaska Native Investigators. The

center leads community efforts that have successfully reduced smoking, better identified cancer risks, addressed environmental disparities, and promoted traditional Lakota healing.

Another way in which the ANA recognizes outstanding contributors to neurology and neuroscience is through the ANA Awards Program, which will send out the call for nominations in December 2024. Please think ahead about individuals you could nominate for one of the ANA's prestigious awards. I also encourage you to consider nominating yourself for an award. You can learn more about the specific ANA Awards categories [here](#).

The ANA offers several ways throughout the year to support networking and career development of our members. The ANA Speaker Database provides an opportunity for members to join the list of colleagues who are available to present topics relating to their expertise. You can also use our database to find a speaker for your seminar series or grand rounds. The ANA Speaker Database was established by the ANA Inclusion/Diversity/Equity/Anti-racism/Social Justice (IDEAS) Committee and is open to all ANA members to join. The purpose is to help you generate a diverse listing of speakers at all career levels and with expertise in specific subspecialties.

The [ANA Career Center](#) is another outstanding resource for both employers and job seekers. Employers can post job openings to be seen by the most qualified group of academic neurologists and neuroscientists and connect directly to their inboxes with the exclusive Job Flash email. The ANA Career Center is the perfect tool for advertising open positions at your institution.

The **American Neurological Association**

is the home of academic neurology, and we hope you will be part of our community.

The 2025 membership cycle begins January 1, 2025. The ANA has issued invoices for 2025 membership dues. Renew your membership as soon as possible and continue to enjoy the benefits and value of the ANA. If you have questions about renewal, please contact Joy Mason, Administrative Associate via email at jmason@myana.org.

This is a special time of year to acknowledge the things for which we are thankful and to express gratitude to those who are making a positive impact in our communities. I am grateful for the ANA and all it has to offer us as members. To all our colleagues who volunteer their time, expertise, and energies that help the Association thrive, THANK YOU for being part of the ANA!

Sincerely,

A handwritten signature in black ink that reads "M. Elizabeth Ross". The signature is written in a cursive, flowing style.

M. Elizabeth Ross, MD, PhD, FANA
President, ANA
Nathan Cummings Professor and
Head, Laboratory of Neurogenetics and Development
Director, Center for Neurogenetics
Weill Cornell Medicine

CARVING OUT TIME TO SAY THANKS!

During this time of giving thanks and expressing gratitude, we at the American Neurological Association are extremely grateful for our members who are advancing science, education, and careers to improve neurologic health for all. We are glad to support you in your mission and work toward a world without neurological disease.

The ANA offices will be closed on Thursday and Friday, November 28 and 29, 2024, in observance of the Thanksgiving holiday. We will be back to serve you on Monday, December 2. We wish you the very best and hope you have time to enjoy this day of thanks.

RECRUITMENT SUGGESTIONS

for Academic Neurology Programs

ANA IDEAS COMMITTEE SHARES RECRUITMENT TIPS

The ANA Inclusion/Diversity/Equity/Anti-Racism/Social Justice (IDEAS) Committee has developed a [recruitment strategies resource](#) for members to utilize when recruiting talent for open positions in academic neurology programs. This resource provides insight to support recruiting teams in their efforts to promote IDEAS in their hiring strategies.

Achieve Maximum Exposure!

Send your jobs directly to the inboxes of top neurology professionals with the exclusive Job Flash™ email.

ANA CAREER CENTER IS A RESOURCE FOR EMPLOYERS AND JOB SEEKERS

Are you an [employer](#) recruiting for an open position? Are you an [individual seeking employment](#) to fit your skills, experience, and talent? The [ANA Career Center](#) is an outstanding resource for both employers and job seekers.

EMPLOYERS

- **EMAIL** your job directly to job seeking professionals
- **PLACE** your job in front of our highly qualified members

JOB SEEKERS

- **POST** multiple resumes and cover letters or choose an anonymous career profile that leads employers to reach you

- **SEARCH** our resume database of qualified candidates
- **MANAGE** jobs and applicant activity right on our site
- **LIMIT** applicants only to those who are qualified
- **FILL** your jobs more quickly with great talent
- **SEARCH** and apply to hundreds of fresh jobs on the spot with robust filters
- **SET UP** efficient job alerts to deliver the latest jobs right to your inbox
- **ASK** the experts advice, get resume writing tips, utilize career assessment test services, and more

ANNALS OF NEUROLOGY OFFERS ONE GUARANTEED EXTERNAL REVIEW FOR ANA FELLOWS EACH CALENDAR YEAR

Annals of Neurology is one of the most prestigious medical publications in the world, publishing high-impact clinical and basic research in neurology and neuroscience. With an Impact Factor of 11.274, *Annals* has a long history of a commitment to outstanding neuroscience and is recognized by and among leaders in the field.

Did you know ANA Fellow members get one guaranteed external review per calendar year? In addition, Fellow members of the ANA are guaranteed an external review of one manuscript per year submitted to *Annals*. Be sure your [membership is current](#) to take advantage of this member benefit. If you are the first, senior, or corresponding author on a manuscript submitted to *Annals*, you will be asked whether you would like the submitted paper to receive a guaranteed review. Learn more about this benefit [here](#).
