

PRESIDENT'S MESSAGE

Dear ANA Members,

I would like to express appreciation to all ANA members for the commitment to advancing science, careers, and education to improve neurologic health for all.

The ANA supports its members throughout the world. This year, the ANA hosted the Grant to Activate Global Engagement (GAGE) program, providing funding to neurology organizations in [low- and middle-income countries](#) (LMICs) to host educational and/or research meetings that highlight local research and education.

We congratulate the following on being awarded a GAGE grant:

- Association of Ethiopian Neurologists
- Korle Bu Teaching Hospital, Ghana
- National Spinal Injury Referral Hospital, Kenya
- Neurological Diseases Association (NEDA), Cameroon

We appreciate the [Global Engagement Committee](#), chaired by Dr. Deanna Saylor, for its work to review applications and oversee the GAGE program.

The ANA also offers [award opportunities](#) for all members to be recognized for outstanding work in academic neurology. Beginning December 8, the Call for nominations will provide an opportunity to nominate an outstanding individual to receive a 2026 ANA Award. *Self-nominations are also encouraged and accepted.* Nominations will be accepted through January 26, 2026. Awards will be given at ANA2026.

You can help us prepare for an outstanding ANA2026 by [submitting topic ideas](#) for plenary, professional development, interactive lunch workshops, and other programming offered at the Annual Meeting. The call for topics will be open through December 15, 2025.

I hope you find value in being part of the ANA and that you will engage through committee service, submitting ideas for ANA2026, nominating someone for an ANA award, and taking advantage of the benefits available to you as an ANA member. We invite you to [renew your ANA membership](#) for 2026.

On behalf of the ANA, I wish you and yours to have a wonderful Thanksgiving holiday.

Sincerely,

Dimitri Krainc, MD, PhD, FANA
President, American Neurological Association
Chairman, Davee Department of Neurology
Director, Feinberg Neuroscience Institute
Aaron Montgomery Ward Professor
Northwestern University Feinberg School of Medicine

The ANA will be closed Thursday, November 27, and Friday, November 28 for Thanksgiving. We will reopen Monday, December 1, for normal business hours.

Conversations from the world of academic
neurology and neuroscience.

LATEST PODCAST!**

ANA INVESTIGATES: STROKE AND ITS FUTURE

Listen to the latest episode of *ANA Investigates*: [Stroke and its Future—Reflections of a Legend!](#) Tune in as Dr. Louis Caplan, Professor of Neurology at Harvard Medical School and Senior Neurologist at Beth Israel Deaconess Medical Center, joins Dr. Sarah Nelson, Assistant Professor of Neurology at Tufts University, to discuss the evolving field of stroke neurology.

Together, they explore the future of stroke care, the role of clinical reasoning in an era of rapid technological advancement, and how innovations like artificial intelligence are shaping diagnosis, classification, and treatment to improve patient outcomes.

LISTEN NOW

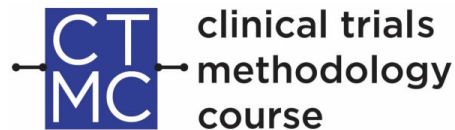

**UNITED COUNCIL
FOR
NEUROLOGIC
SUBSPECIALTIES**

The United Council for Neurologic Subspecialties (UCNS) invites ANA physician members and Advanced Practice Providers (APPs) to participate in a [brief, anonymous survey](#) to support its strategic planning efforts.

The survey will take no more than five minutes to complete and seeks to better understand the role of APPs in neurologic patient care within neurology and neurologic subspecialty practices, as well as gauge interest in a potential APP certificate examination that would measure general neurology knowledge as an indicator of expertise.

[Your input](#) will help inform future UCNS initiatives and strengthen support for the evolving role of APPs in neurologic care.

The [NINDS Clinical Trials Methodology Course](#) has announced its 2026 call for applications. This highly regarded program prepares early career investigators to design scientifically rigorous, feasible, and ethically sound clinical trials, strengthening the foundation for successful careers in clinical research. The application deadline is January 21, 2026, at 11:59 PM PST.

Learn more by joining an informational webinar on Wednesday, December 10, from 12:00–1:00 PM EST. [Full details and registration information are available online.](#)

ANNALS OF NEUROLOGY MEMBER HIGHLIGHTS

[Annals of Neurology](#) is one of the world's most prestigious medical publications, featuring high-impact clinical and basic research in neurology and neuroscience. With an Impact Factor of 7.7, Annals has a long-standing reputation for excellence and is widely recognized by leaders in the field.

Gain inspiration and insight from articles by our members:

- [Tenecteplase Versus Alteplase for First-Pass Reperfusion in Basilar Artery Occlusion Stroke Thrombectomy](#)
- [Polygenic Vulnerability to Intracranial Hypertension, Hemorrhage Progression, and Outcome in Traumatic Brain Injury](#)
- [Thalamic Stimulation Induced Changes in Network Connectivity and Excitability in Epilepsy](#)

ANA Fellows are entitled to [one external review per year](#) for a manuscript submitted to Annals. If you are the first, senior, or corresponding author, you will have the option to request this guaranteed review during submission. Be sure your [membership is current](#) to take advantage of this exclusive benefit!

Get expert career advice tailored for neurology professionals, from refining your job search to acing interviews.

Unlock your potential with the ANA Career Center resources today!

ANA CAREER CENTER: CONNECTING EMPLOYERS & JOB SEEKERS

Are you an [employer](#) recruiting for an open position? Are you an [individual seeking employment](#) to fit your skills, experience, and talent? The [ANA Career Center](#) is an outstanding resource for both employers and job seekers.

EMPLOYERS

- **EMAIL** your job directly to job seeking professionals
- **PLACE** your job in front of our highly qualified members
- **SEARCH** our resume database of qualified candidates
- **MANAGE** jobs and applicant activity right on our site
- **LIMIT** applicants only to those who are qualified
- **FILL** your jobs more quickly with great talent

JOB SEEKERS

- **POST** multiple resumes and cover letters or choose an anonymous career profile that leads employers to reach you
- **SEARCH** and apply to hundreds of fresh jobs on the spot with robust filters
- **SET UP** efficient job alerts to deliver the latest jobs right to your inbox
- **ASK** the experts advice, get resume writing tips, utilize career assessment test services, and more
